This gave him little relief; and after waiting till morning, I gave him a teaspoonful of the Oxygenated flitters. The effect was immediate, and so powerful, that he was able to take breakfast and perform a days work.

He continues the use of the Bitters through the day, and suffers no more from the attack. He has experienced but very little inconvenience from Asthma since that time, and upon the return of any symptoms, uniformly receives the happlest effects from the use of this medicine.

Respectfully yours, JOHN DERBY.
